13 Holy Rites of the WITCH

## ***Welcome to the 13 Rites of the Witch!***

I am thrilled you will be joining me and the other *WILD Witches of the Holy Ways* in our journey into the Mysteries of this Season of Scorpio and the WITCH!

It is a potent time, made all the more by the presence of our *Ancestors, the Wandering Ghosts, the Cast Outs and Exiled ones, within and without*. Scorpio after all is the archetype of Burial Rites and Death. Of the things that terrify us, and those that wound us. The

creatures in our dungeon which have not been faced, honored and lain to rest. Or slain. And thus many approach this place feeling the snakes of discomfort and anxiety moving in their bellies. Yet for me, I know this sensation as the excitement of the hallowed Unconscious approaching! *Hallowed Be its Name*.

It is important for us to remember that Scorpio is also the archetype of *Life and Rebirth!* And how does that happen? Really? In my experience of Death, few truly understand or have articulated its deeper mysteries which lead us directly into the heart of the collective unconscious. Like Birthings, we need to avail ourselves of real deaths to encounter the energies of the transformation of mattersoulspirt. Of course how it is respected through Rites, and within ourselves, makes all the difference in how we experience it.

Astrologers see Scorpio as the archetype of the *MAGICKAL Arts*, because it is the *force of transformation in the Universe!* Specifically: *Transformation through Crisis!* We actually need our *prima materia, dark matter, challenging life experiences to transform.* *And the Darkness shall be the LIGHT!*

Alchemists and Ancients, Witches and Shamans, had many rites that evoked this force so as to heal, guide, and fortify their psyches and their tribes. It is a vital LIVING force which when we step into its flooooooowwww *WILD things happen!* WITCH things happen! And... *THIS IS NATURE! Ohhhhhh, Our Holy Wild Nature!*

Facing that which we fear gifts us with a new ground of self we can stand upon which supports us in facing challenges. Life is *fillled* with terrible suffering! And this is what our society and many of us have not accepted. We run in the other direction, or attempt to. And yet in the heart of all suffering lies the Dark Witches, Goddesses and Gods. This is where their powers lie. Hidden in the exiled, the twisted, the monsters, in sickness, in nightmares, in loss, where those who are repulsed by this side of life will not find them. And why it is to their abodes we are being wooed to approach.

So TOGETHER we will! and with IMAGINATION and wondrous PLAY! This is not about morbid rituals that take our joy away! And yes, I will encourage you to go to the burial grounds of your Ancestors on Dia de Los Muertos. And to really get out into the forests, the Canyons, the Ocean, to the WILD habitats that surround you. We will create our altars and work with art expression, rituals, authentic and oracular movement. In this way we can meet these

fearsome forces in our homes and safe places, develop a relationship with them in conscious ways.

We are evoking these forces for our *Creations* as well! There is much that we can influence, much more than we have been led to believe. It is good to know the difference, such as in yoga to know where your leg is bendable and where it is not. Our bones do not bend. Our sinew and tendons do. Do not force what cannot be changed. And yet learn to move that which can!

*So yes! To the RITES we go! Prepare to enter in! We begin on October 30th, and people can enter in throughout the whole month of Scorpio. Let them know!*

I highly recommend that you gather materials and begin crafting your Altar which will grow over the Rites. For it, too, is a living thing. If you want to begin to learn astrology, one of my primary languages and trackers for these living forces, do listen to the included videos.

I look forward to seeeeeeeing you in all ways that we can. Live Events on Facebook. Group on Instagram. And the Live Webinar Ritual on the *real Samhain*, on November 7th.

Blessed beeeeeee, much love to theeeeeeee!

## *A WITCH you say?!?*

Now I know what you are thinking... I call myself a WITCH and there is alllll this chatter about it, especially from the RAVENS! So many images evoked with that word, and thussssss so vital for those of us who use it to define it so that others know what we mean. It's kinda like saying I'm a WOMAN... and, well, you know there are many MANY different kinds of women, and many who are exxxxtreeeeeeemely different than I.

So yes... I am about to share one of my preciousssssssss experiential programs with youuuu... one that is FILLED with alllll things WITCHERY of the Holy Wild! for yes, of course it is the SEASON! particularly when the Sun makes its dramatic entry into SCORPIO on the 23rd of October. Scorpio is perhaps the most potent of the powers of the WITCH there is, of course no coincidence that it falls at THIS time of year of all things dark and mysterious of hauntings and halloweenings... of SAMHAIN (what's that you say?) and The Days of the Dead! Ancestors and Thinning Veils, Black Cats and Chimera Snake Tails!

And why is that? who made the sign of Scorpio? How could all of these magickal things that characterize this archetype gather all things like itself unto itself. Was it a human who designed it? nay nay nayyyyy they are truly only so smart, though Nature they art!

For if you know... or if you don't, Scorpio and its ruler, Pluto, RULE the Underworld! Descends into the darkness, as Persephone was once dragged there. Hades (aka Greek for Pluto) that bastard who did the dragging and yes,

the rape. Scorpio rules SEXXXxxxxxxx and all the mysteries around it, Tantric and the very forces of creation from which this WORLD WAS MADE. So no wonder Scorpio's tagline is:

***LIFE/DEATH/REBIRTH & Transformation through CRISIS.***

This IS the Season of the WITCH! We are alllll feeling it witnessing the madness rising from the great below. Venus and Mercury swept into this sign earlier this month, and Pluto, made a dramatic move direct as well.

So yes, the deep scary dark materia is rising to the top. And while it can be amaaaazing to enter in and really create ART out of the dark material of our lives... it really does point to the most difficult stuff... which is why we don't want to go there. Why we fear it. Our nightmares and those memories of times forgot never wanting to remember.

And re-mem-ber we MUST! Remember who we are! ***WITCHES = those who DARE TO BE IN RELATIONSHIP WITH THE FORCES OF NATURE, KNOWING ONESELF AS SUCH! and like a great conductor of an epic symphony! WE CHOOSE TO DIRECT THE SHOW.... as MUCH as we can! and we CAN a LOT MORE THAN WE HAVE BEEN LED TO BELIEVE.***

This Self Knowing and self claiming of empowered nature is instrumental to what we create for ourselves and this world. As Mary Oliver wrote, "our place in the family of things" Of WILD THINGS that roam... of LUNAR Things that cycle through us.... of forces of Nature so powerful that once we encounter

them, we are changed forever and can never not know, that thisssssss of what we are made is the stuffffff of the Universe.

***Hallowed be its name!***

So while some of it can sound terrifying it is no more terrifying than what you are living right now. What you are suffering with. What the world is going through. This dark materia that a Witch works with plays with and turns into ART! The Art of Self & World Creation.

I do so hope you will join me in exploring these magickal very real natural alchemical arts in my program... *the 13 Rites of the Witch!* and yeah, it IS about PLAY of the most delightful kind as well, with some of the most brilliant hearted humans around.

***Blessings to allllll at this Disseminating Moon.***
